

Brotherhood and Mission Prompts

Direction and male friendship are part of the island.

Mission

For the next 90 days, I am building...

Why does this matter?

What must I stop doing to make room for this?

What daily or weekly action proves I am serious?

Brotherhood Audit

A man who wants brothers must become the kind of man who can be one.

Who are the men who sharpen me?

Who do I need to contact or reconnect with?

Where could I find stronger male spaces?

Where have I been isolating?

What honest conversation should I initiate?

How can I become a better brother to another man?
